but to the problem of the access through the alley which runs behind Tri-State. Their complain was generated toward the fact that Tri-State has delivery trucks blocking ingress/egress to this alley almost daily for several hours at a time. They were concerned that more construction would only add to this problem.

Floren Lieberenz, 1203 Stophlet Street  
Charles Heitzman, 1214 Taylor Street  
Robert Nicolet, 1211 Taylor Street  
James Shaw, 1225 Stophlet Street

Jane Porter, 2102 Pauline Street, a member of the Michigan Avenue Neighborhood Association stated that they are in the process of trying to downzone the area. She stated that the trend in the neighborhoods is to downzone. She stated they like their neighborhood and want to keep the businesses that are there. She stated though that they do not want expansion. She questioned if Mr. Sheray had approached the West Central Neighborhood Association.

Darryl Adams, owner of the property at 1235 Stophlet Street, an apartment building. He stated that he felt the use could be detrimental to the property values in the area.

Vice President of the Michigan Avenue Neighborhood Association stated that Taylor and Broadway are not large enough now to handle the traffic volume they carry and this would only increase the traffic problems in the area.

In rebuttal Mr. Sheray stated they are not attempting to put any thing else on the property except for a warehouse no light manufacturing. He stated that they are putting the access to the new building on the east side and not on the north side which is in the alley, so that they would be able to store their product without having to use the alley to the degree it is used now. He stated that it is a big inconvenience to have the alley blocked. He stated they at this time have no alternative at this time and that is what they are trying to provide with this rezoning.

There was no one else present who wished to speak in favor of or in opposition to the proposed rezoning.

that the improvements contemplated by Tri-State would better the current use and condition being made of this real estate and would generate tax revenues. He stated that this would enable a company which has been in business in Fort Wayne since 1952 to expand its operations and implement its future planning.

Sid Sheray, President of Tri-State Plumbing stated they intend, if the property is rezoned, they intend to construct a structure for warehousing. He presented the Commission with a letter from some of the area residents one being the property immediately adjacent to the proposed rezoning endorsing their request. He also showed the Commission a rendering of the proposed structure.

Steve Smith questioned why they were requesting M-1 zoning and not perhaps a less dense zoning which might enable them to expand as they wish.

Mr. Sheray stated that they felt there is a distinct advantage to owning adjacent parcels of property with the same zoning characteristics. He stated though that they were advised by the Planning Commission staff to request an extension of the present M-1 classification.

Mr. Robinson stated in their initial conversation with Planning Commission staff it was indicated that an extension of the existing zoning for Tri-State would be appropriate classification in this case. He stated that was the basis for them filing the petition asking for the same zoning classification for the parcels on which the expansion and the improvements.

Steve Smith suggested that they discuss with staff the possibility of a lesser zoning being used for their request such as B-3-B, prior to the business meeting.

John Shoaff questioned how far back they intended to construct their new building.

Sid Sheray stated that they are presently about 15 feet back from the front property line. He stated what they have planned for the front of this adjacent property is an additional parking area, landscaped in the front and the building would be to the back side of the property.

Mel Smith questioned if this would give them more or less parking spaces.

Mr. Sheray stated the expansion would give them more.

The following people spoke in opposition, not to the proposed use

c. Change of Zone #295  
From R-2 to M-1  
1120 Taylor Street

d. Change of Zone #294  
From R-2 to M-1  
1134 & 1204 Taylor Street

Dick Robinson, attorney, stated he represent Tri-State Plumbing and Electrical Supply. He stated that Tri-State Plumbing is located at 1120 Taylor Street and the properties in question lie immediately adjacent to Tri-State going west on Taylor on the North side of the street. He stated that Tri-State is already zoned M-1 at 1120 Taylor Street and they are simply asking to extend an M-1 classification. He stated that there is an M-1 classification on the other side of Taylor Street extending west almost to the same point at which the petitioner's is requesting the M-1 classification be extended. He stated that they feel

Applicants, Property owners and preparer shall be notified of the Public Hearing approximately ten (10) days prior to the meeting.

RESOLUTION OF ZONING ORDINANCE AMENDMENT RECOMMENDATION

WHEREAS, the Common Council of the City of Fort Wayne, Indiana, on August 11, 1987 referred a proposed zoning map amendment to the City Plan Commission which proposed ordinance was designated as Bill No. Z-87-08-08: and,

WHEREAS, the required notice of public hearing on such proposed ordinance has been published as required by law; and,

WHEREAS, the City Plan Commission conducted a public hearing on such proposed ordinance on August 17, 1987.

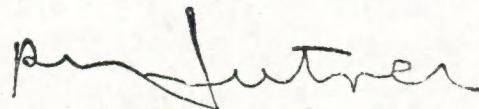

WHEREAS, a letter requesting WITHDRAWAL of the proposed ordinance has been filed with the City Plan Commission.

NOW THEREFORE, BE IT RESOLVED that the City Plan Commission does hereby recommend that such proposed ordinance be withdrawn in accordance with the written request.

BE IT FURTHER RESOLVED that the Secretary is hereby directed to present a copy of this resolution to the Common Council at its next regular meeting.

This is to certify that the above is a true and exact copy of a resolution adopted at the meeting of the Fort Wayne City Plan Commission held September 28, 1987.

Certified and signed this  
14th day of October 1987.
